Setting up the account alarm in the Sparkasse app

Advantages of the account alarm

- Automatic 24/7 notification
- Keep an eye on transactions & account balances at all times

1 Open the Sparkasse app and log in with your biometric features or the app password. Then, click on „Profil“.

2 Click on „Kontowecker“.

3 If you have accounts at numerous institutions saved in the app, select the desired institution.

4 Confirm the notice that comes up in order to advance to the alarm overview.

5 **Setting up the alarm**
Select the desired account alarm from the pull-down menu.

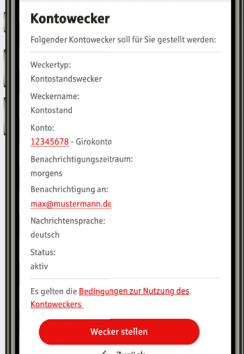

6 Then, click on the plus symbol next to the selection.

Setting up the account alarm in the Sparkasse app

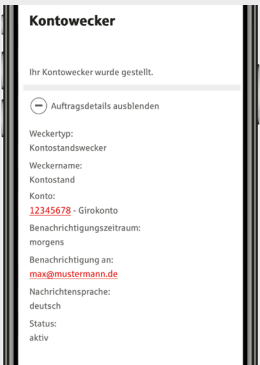

7 Fill out the input fields according to your requirements and then click on „Weiter“.

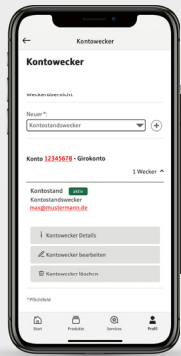

8 Check the correctness of your entries and activate the new alarm by clicking on „Wecker stellen“.

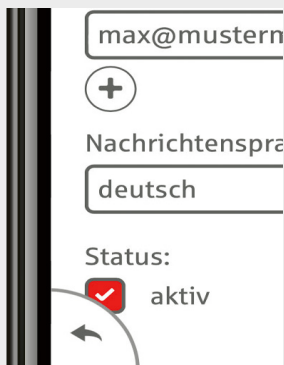

9 The next screen confirms the activation. Click on „Weiter“ to return to the alarm overview.

10 Here, you will find all active alarms neatly arranged. You can have the account alarm details displayed, adjust the account alarm details, or delete them.

11 **Tip for navigation in the account alarm**
In order to return to the alarm overview, simply click on the arrow at the bottom left.
